Vol. 51

No. 41

## Air Power Films

Today's Air Power Series films, to be shown at 2:30 p.m. in TH55, are "Supersonic Thunderbirds" and "Tactical Air, A Force for Peace."

## Dr. Riesman Speaks Tonight--Concert Hall

"Protest and Pressure Groups" titles an address which will be presented by Professor David Riesman, renowned author and Harvard sociologist, tonight at 8 in Concert Hall. The lecture is open to all interested students.

Dr. Riesman is the author of several well known books including "The Lonely Crowd," and "Individualism Reconsidered." In "The Lonely Crowd" Riesman asks, "Who is this new man, this America?" The book, a best seller since 1950, is primarily concerned with a profound shift the western world is effecting in the character and orientation of its people, and the impact of industrialization and urbanization on Western man.

## MODES OF CONFORMITY

The 54-year-old professor makes use of the terms "inner directed," and "other directed," which are, in effect, modes of conformity that have prevailed in western history.

A recipient of six honorary degrees from American colleges and universities, Dr. Riesman was born in Philadelphia, Sept. 22, 1909. He graduated from Harvard in 1931, where he was an editor of "The Crimson." In 1934 he was graduated from Harvard Law School.

After World War II, Dr. Riesman served as Visiting Professor at Yale and John Hopkins. In 1958, Harvard created a special chair for him, titled Henry Ford II Professorship of Social Sciences at Harvard.

## SPEAKS TOMORROW

Tomorrow, Dr. Riesman will continue his speaking engagement at SJS by addressing sociology students and faculty in the College at 9:30 a.m.; conducting a coffee hour discussion in H1 at 10:30 a.m. for all students; joining a student council luncheon in cafeteria rooms A and B at noon, and concluding with a conference with Dr. Stanley Benz, dean of students, and the personnel staff counselors at 2 p.m.

## Checklists Ready For Transfers

Degree requirement checklists are ready now for newly enrolled transfer students with last names A-G who have less than 90 units. These lists may be picked up in the Admissions Office, ADM102. Students with names H-Z will be notified when their lists are complete.

## Council OKs 7th Runner

Student Council yesterday took final action on three financial matters totaling nearly \$3,500 after ASB Treasurer Al Henninger presented the matters to council.

The major item passed was a unanimous approval on the request from the Athletic Department for seven cross country runners and one coach to go to the NCAA Championships at East Lansing, Mich., Nov. 25.

The \$2,500 appropriated would also allow the seven runners to participate in the United States Track and Field meet at Chicago Nov. 28.

A second item in Treasurer Henninger's report was an additional allocation of \$250 for visiting scholar David Riesman, who appears on campus today and tomorrow.

The third allocation approved by council was \$500 that goes to the Inter-Cultural Steering Committee.

In other matters, the council discussed a suggestion from ASB Pres. Steve Larson to invite Long Beach State ASB President's assistant Stu Rosen to SJS. Rosen offered his services—without salary—while here at the California State College Student President's Assoc. meeting this weekend.

No motion was proposed since Pres. Larson only was curious matter.

The council heard a rousing peroration about the council's opinion on the performance from the Men's Glee Club, which is requesting money from the ASB to represent SJS. Although it is not a recognized club the 23 singers are a class but cannot receive money from the Music Department.

This matter was referred to the Finance Committee.

## Student YSA Official Speaks Here Today

An Indiana State University student, one of three indicted July 18 on charges of advocating the violent overthrow of the U.S. government, according to the Young Socialist Alliance, official organ of the Young Socialist Alliance, will speak at 3:30 today in TH55.

Tom Morgan, an officer in the Young Socialist Alliance (YSA) Trotskyist political group, was indicted under a 1951 Indiana anti-communism statute.

Morgan's topic today will be "The Hoosier Witch Hunt." In his talk, Morgan will discuss "The student's right of freedom of speech."

INDICTED DURING CRISIS

The indictment charges that Morgan and two other Indiana State University students assembled during last October's Cuban crisis and advocated violent overthrow of the government.

Morgan was president of the Indiana State Liberal Forum and vice president of the campus Young Democrats following his return from a hitch-hiking trip through Europe, the Soviet Union and North Africa.

He joined the YSA after his return to the United States.

## TEST CASE

It is reported that the indictment of the Indiana State trio is a test case of the state's anti-communism law.

The purpose of the indictment is "to exterminate communism and Communists and any and all teachings of the same."

Morgan and his two companions could face six-year jail sentences if they are convicted.

## Two More Programs For Engineering

The Engineers' Council for Professional Development has accredited two more programs in the Engineering Division at SJS, according to Pres. John T. Wahlquist.

The programs are the industrial engineering and mechanical engineering.

SJS achieved ECPD accreditation for its civil engineering and electrical engineering programs in 1958 and was the first California state college to obtain this recognition. The two programs were re-accredited in 1962 at which time the materials science program was also accredited.

Ready, who had come close to winning previously, guessed all six games right and then was the closest to the final scores among the 19 correct entries.

Ready's prize is a free round-trip flight to Los Angeles via Pacific Southwest Airlines.

His predictions were: Arizona State 21, SJS 14; Rice 17, Arkansas 7; USC 27, Stanford 13; Wisconsin 21, Northwestern 14; Michigan State 21, Purdue 14; Nebraska 28, Kansas 12.

Today's entry blank is on page 4.

## 'Galaxies and Mankind'

## Dr. Shapley Explains Life Not Started by Miracles

By FORREST CASSIDY

Man's scientific knowledge has reached the point where miracles or supernatural phenomena are no longer needed to explain the beginning of life, according to Dr. Harlow Shapley, renowned astronomer and lecturer.

Recent research, he said, indicates that at one time the universe contained only hydrogen gas. As it shrank it underwent extremes of temperature and pressure which produced the other elements.

Speaking in Concert Hall yes-

terday on "Galaxies and Mankind," Dr. Shapley urged his audience to "contemplate our periphery" as he commented on a number of slides illustrating man's insignificant place in the universe.

## MAN ON EDGE

From the naked-eye observations of the ancient Greeks to today's great telescopes, man's growing knowledge of himself has shown that he is at neither the center of the universe nor the center of the solar system, said Dr. Shapley. Instead, he is situated

somewhere toward the edge.

"But there are probably some students on this campus who still think they are the center of the universe," he added.

Dr. Shapley described the various types of galaxies, or star systems, such as the globular, irregular, barred and spiral systems. Our own star system, known as the Milky Way Galaxy, is estimated to be 100,000 light years in diameter, he said, and the sun is about 25,000 light years from the center.

## CLUSTERS COMBINE

Between the sun and the center of the galaxy are clusters of stars, glowing nebulae and huge dust clouds. Sometimes the nebulae and dust combine to form such phenomena as the Horse's Head in the constellation Orion.

Most important of all, according to Dr. Shapley, are the cepheid variables. The rhythmic pulsation of these stars has been found to be an accurate tool in determining cosmic distances.

Touching on one of the less significant bodies in the universe, Dr. Shapley said the moon is relatively unimportant.

"I would rather spend billions on humanity than putting a dead man on the moon," he said.

## Blood Donations Taken Today at Catholic Center

Blood donations will be taken today at the Catholic Women's Center from 9 a.m. to 4 p.m.

Students planning to give their blood must not eat any fatty food for three hours before donating. Any student under 18 must have a signed parent permission slip.

The blood donated by students on this campus will be stocked under account "SJS." It will be used by student body members or by a student's immediate family when necessary.

There will be no charge for the blood when needed by SJS students.

The blood drive is sponsored by the AFOTC and Sigma Kappa sorority.

## Dr. Porter Seeks Peace Corps Post

An associate professor of management at SJS is hopefully awaiting an overseas staff assignment with the Peace Corps.

Dr. Albert Porter will leave Friday, Nov. 22 for an interview with the Peace Corps Staff in Washington, D.C. He told the Spartan Daily that he is going to the interview in response to a telephone invitation on Oct. 30 from a representative of the Peace Corps.

Asked what type of position he is expecting, Dr. Porter replied that as a staff member in a particular country, he will "coordinate activities of the Peace Corps and keep in contact with Corps members."

## NO IDEA

Dr. Porter admitted that he had "no idea" where he would be sent. He is not even sure he will be accepted for a position.

At first, Dr. Porter did not think it possible to take an overseas position because of his family, but he was told that he could take his family with him.

If he is appointed to the overseas position, Dr. Porter will live in the capital city of the country "in the middle class section of town." He said that in his post he will be "responsible for the success of the Peace Corps program in that area."

Dr. Porter, who has served on the faculty at SJS for eight years, explained why he is interested in working for the Peace Corps.

"I feel it's time for a change. It would be an educational experience for me," he said. "It would improve my own knowledge of business."

## 'WORLD COMMUNITY'

Dr. Porter said that the function of the Peace Corps is to carry out the function of American foreign policy. "Our goal is to help to bring about a world community of independent, economically self-sufficient nations," he said.

When asked if the Peace Corps will work, Dr. Porter declared, "It has to work. If it doesn't, we're doomed to one last catastrophic conflict between the great powers."

## Visit Cal, Stanford Unions

## Tour Signups Close Today

Deadline for signing up to tour Stanford and Cal's College Unions this weekend is 2:30 today in front of the cafeteria or bookstore.

Chartered buses will leave Saturday morning at 8:45 from the SJS College Union, 315 S. Ninth St.

Any interested student may take the tour, according to Phil Baker, trip chairman.

The buses will return at 4:30 p.m. Box lunches will be provided.

The trip's purpose is to show SJS students the operation of a union, Baker said.

SJS may soon have its own union.

ion, if two-thirds of those voting in the Dec. 11 and 12 election cast "yes" ballots.

If the proposed \$3.6 million student center passes, construction will begin in 1965-66, with completion in about two years.

## Friday Flick

"The Rainmaker," starring Katherine Hepburn, Burt Lancaster, Wendell Corey and Lloyd Bridges, will be featured as tomorrow's Friday Flick at 7 and 9:30 p.m. in TH55.

## Former Military Attache From Congo Joins Faculty

Capt. Eugene M. Johnson, recently returned from American Embassy duty in the Belgian Congo, has joined the Military Science faculty.

After one year as Assistant Army Attache at the Embassy in Leopoldville, Capt. Johnson joins the SJS faculty as an assistant professor.

When asked about his experiences in Africa, Capt. Johnson replied, "The effect of my personal experiences is too deep to pinpoint in words, but I did enjoy my stay in the Congo."

His experiences in Leopoldville must have been "deep" for he didn't complain about the weather which would have affected many Californians more than personal experiences.

In a casual reply to a question about the Congo's weather, Capt. Johnson said that from mid-September to May, the weather is hot and wet, with the temperatures in the 90-100-degree range.

The 34-year-old soldier served three years in Germany with the 2nd and 4th Armored Divisions before going to Africa.

Drafted into the Army in 1951, he said he liked the service and decided to make it his career. He was graduated from Officers' Candidate School in 1952.

He is also a graduate of Maryland State Teachers College and

the Army Language School in Monterey where he learned French before he went to the Congo.

Capt. Johnson lives in San Jose with his wife, Shirley, and their children, Karen and Eric.

NEW FACULTY MEMBER—Lt. Col. Edwin Rios (left) welcomes the newest member of the Military Science faculty, Capt. Eugene Johnson.

## Students Protest

# An Art Structure Gets the Eye

By JACKIE ZIMMERMAN

What is art?

This question, which has baffled men since the beginning of time, hit home yesterday.

Five upper division art majors protested a three dimensional design project located adjacent to the Art Quad and designed by members of their own department.

The king-size artistic conglomeration consists of wood and metal glued and welded together. The creation carries the all-encompassing title of "A Happening."

## 'MISREPRESENTATION'

"We just don't want people to associate this with us. We don't feel it represents art or the students of the Art Department," they said.

Protesters are Bill Adkins, senior; Allan Boonsgaarden, junior; Bob Carlton, senior; Dennis McGee, senior; and Barry Rothman, senior.

All of the "non-violent" art protesters explained that they felt people passing by the structure might think it was the effort of all students in the department.

## A HAPPENING

The structure is an experiment in a three-dimension design class of Sam Richardson, SJS art in-

structor. Richardson said the purpose of the project, entitled "a happening," was to have a group of students try to bring about a creative art form. Although the project isn't finished, he said that this endeavor proved a group can't put an art form together because "art is an individual thing."

## TOO BIG

Richardson also said the project does not reflect upon the Art Department or the students. It was merely a project by the class. The project was constructed outside the Art Building because it was too big for the classroom.

As to the protests, Richardson said he was looking for some kind of reaction when the project was put up. He said the art work was not permanent and will probably be torn down today.

Bill Adkins, one of the protesters, said that the group was not protesting against Richardson, or the class, or the project itself. He simply stated that the structure is not art, in his opinion and that he did not want to have it as representative of the Art Department.

The group as a whole initiated a petition in protest of the project. A sign, along with the petition, hangs on the project. The sign reads: "The Intellectual Abortion of Misguided Art Students."

WHAT IS IT?—An SJS coed examines a structure adjacent to the Art Quad constructed by an art design class. Five upper division art majors yesterday said they did not want students to think the object was representative of the entire Art Department.

## Mrs. Smith, the President

A woman for President? Ridiculous, you say? Apparently Sen. Margaret Chase Smith (R-Maine) does not think so.

Thursday, Sen. Smith announced that she is seriously considering entering some presidential primaries to offer Republicans a "third choice" in the selection of their 1964 nominee.

Sen. Smith, who has served in the Senate since 1949, is expected to announce in a speech before the Women's National Press Club in Washington, Dec. 5, whether she will be a candidate, according to the Associated Press.

Mrs. Smith's friends reportedly think that she would be a strong potential vice presidential nominee if she does well in the primaries.

She has described her position as "less liberal than that of Nelson Rockefeller and less conservative than that of Barry Goldwater."

The Maine Republican would on those grounds be an ideal running mate for either Rockefeller or Goldwater. However, simple geography would not allow her to run with Rockefeller. Rockefeller and she are both from the Northeast.

Surely President Woodrow Wilson never foresaw this "tragedy" befalling America when he decided to take up the cause of female suffrage in his campaign for re-election in 1916. As we understand it, Wilson merely wanted to eliminate a source of friction on the American political scene. He and others beguiled by the siren call must now be turning over in their graves.—R.R.

Letters of personal attacks will not be printed. All letters must include the writer's signature and ASB number.

### Chastisement Unfair, SJS Students Insist

Editor:

Those students who have been fortunate enough to know and to have attended classes taught by Dr. Charles E. Smith feel that the current chastisement brought against him is grossly unfair. It is one thing for the administration to ask Dr. Smith to resign as TASC faculty adviser, but it is another to try to force his resignation with the threat of cancellation of his richly deserved promotion.

In our opinion there are very few teachers, at this or any other college or university, who approach the all-around excellence exhibited by Dr. Smith. He is an industrious, conscientious individual, who is capable of deciding the relative merits and values of TASC as well as any college official. We feel, as do many others, that the persecution of Dr. Smith over such a petty problem is quite ridiculous.

### Freedom Resultant Of Love, Says Writer

Editor:

Though Al Mason states that "our world is made for freedom and love," it seems that his entire emphasis is on freedom rather than love. And, if I am not reading between the lines too much, he equates freedom with our traditional American way of life. At this point I would like to suggest that freedom is the state in which each individual is allowed a maximum degree of self-expression. This would imply that no individual could legitimately assert his own self-expression to the point at

which another's potential for self-expression would be limited.

Now let us turn to the matter of love. As one who would profess the name of Jesus Christ, I would like to present a Biblical definition of love: "Love is so patient and so kind; love never boils with jealousy; it never boasts, is never puffed with pride; it does not act with rudeness, or insist upon its (own ad-

### Academic Freedom Our Concern--AAUP

Editor:

Recently, a letter from Professor Charles E. Smith appeared in these columns. In this letter, Professor Smith made some rather serious charges concerning threats to his professional career and academic freedom.

At this time we should like to

professional and responsible way toward his institution. Both rights and responsibilities are basic to our organization.

This letter is not intended as a comment on the accuracy of Professor Smith's charges, or to say whether he was acting in a professionally responsible manner in making his initial action a letter to the Daily. Our primary purpose in writing to the Daily is to reiterate the long-standing concern which AAUP has had in the area of academic freedom. Academic freedom is at the very heart of our system of higher education; charges of its violation concern all of us. AAUP provides one of the best avenues we know for the examination of any violations of such freedom.

### Define 'Good Taste' In Lyke, Says Writer

Editor:

In my letter published in "Thrust and Parry" on Tuesday, I said that parts of the recent issue of Lyke magazine seemed obscene. In spite of what the heading said, there was no positive statement that it contains obscenity, but rather an opinion with which some people agree—that it is in bad taste. I asked for the definition of what is "in good taste" currently used by Lyke, because apparently the Lyke policy, which is not codified, has changed since last year. But I was not asking for strong censorship, as some people have been led to think.

Apparently the funniest jokes

and cartoons tend to be of the "indecent" type. Some say that these sell copies of Lyke. The problem is that it seems that sometimes Lyke is allowed to print such cartoons, and sometimes not. The rule about being "in good taste" is so vague that it might not be enforced unless something else were to irritate the Administration. Therefore, either "good taste" should be clearly defined, or else the ultimate authority as to what "good taste" is should be clearly identified.

vantage)... but is always glad when truth prevails." (I Cor. 13:4-6).

It would seem to me, then, that freedom and peace would be resultants of love. Peace should not be so glibly dismissed if we are to offer love in its highest form. And most certainly freedom can never be achieved by the assertion of selfish interests as Mr. McCort would have us believe.

I shall offer a couple of examples to illustrate my point. If the white man were to offer love to the Negro instead of hate and prejudice, peace would prevail and the Negro would not have to seek the freedom he so desperately needs. If America offered love to many of the other world nations, it would not so often try to force its own systems and ideas upon them; thus their freedom of choice would not be reduced and the possibility for peace would be increased.

Finally, I would like to thank Mr. McCort for pointing out to the campus that some of the Judeo-Christian beliefs are a relevant force in our twentieth century society.

# Sihanouk's Renunciation of Aid— Changing Algeria Finishes End of Independent Cambodia? Notorious Espionage Ring

By PHIL NEWSOM  
UPI Foreign News Analyst

Under ordinary circumstances, the United States should welcome with loud cheers Cambodia's announcement that it was renouncing U.S. aid as of the first of the year.

But the circumstances are not ordinary.

One condition that makes them so is Cambodia's location bordering upon South Viet Nam, Laos and Thailand. A pro-Communist Cambodia would open up a new privileged sanctuary for the Communist attack on South Viet Nam and add to Communist pressures on Thailand.

A further circumstance centering upon Prince Norodom Sihanouk, Cambodia's 41-year-old saxophone-playing chief of state who since 1955 has been a maverick in Southeast Asian politics and whose policy of "positive neutrality" has taken a number of twists and turns.

For instance, in 1955 he renounced his title as king so that he could take an active part in Cambodian politics against the spread of communism. The decision to renounce U.S. aid also was taken, he said, to halt a swing to the left.

## SPEAKS HIS MIND

In the intervening years, he also has had this to say:

—About communism: A prince and former king must be well aware that the first concern of the Communists is to get rid of the king and natural elite of any country they succeed in laying hands on. I have no particular liking for communism.

—About South Viet Nam: The war in South Viet Nam is "al-

ready lost as far as the free world is concerned."

—About the United States: "I have lost all confidence in the Americans... who are the most unjust people in the world..."

—About Cambodian neutrality: "We want guarantees... If no one wants to give guarantees, I shall ask the Chinese Communists to send us enough forces to discourage aggression from Thailand and South Viet Nam. I stress that this is no joke."

In his early days of "positive neutrality," Sihanouk patterned himself after Indian Premier Jawaharlal Nehru, following the five principles of co-existence which Nehru also hoped would preserve the peace between India and Red China.

The Geneva conference establishing the so-called neutrality of Laos sprang from a suggestion by Sihanouk.

## IN TWO WORLDS

In the meantime, he also has been able to live in the best of two worlds.

U.S. military and economic aid from the United States since 1955 has totalled about \$365 million or around \$30 million per year.

Communist China allocated \$40 million for four factories. The Soviet Union contributed

a \$12 million hospital. Another \$35 million came from France.

Sihanouk has not hesitated to crack down on Communists at home. Last year 14 were sentenced to death for a plot against the government.

The sum of it seems to be that Sihanouk is aware of the Communist danger to himself and to his country. He also wants to keep his job.

His renunciation of U.S. aid, expulsion of U.S. and French troops and his invitation to Red China to help him speed Cambodia into "advanced socialism" smack of desperation measures.

Appeasement never yet served as a bar to Communist ambitions, and this could be the beginning of the end for an independent Cambodia.

By ALAIN RAYMOND

United Press International  
ALGIERS (UPI)—The Aletti Hotel seems finished as one of the most notorious espionage centers in North Africa.

At various times during its colorful history, the Aletti housed Nazis, Free French, anti-Gaullist European terrorists and innumerable spies and once even flew the Vatican flag.

President Ahmed Ben Bella's government has swept it up with other Algiers hotels and restaurants in his nationalization program.

It was briefly the headquarters in World War II of the Nazis in Algiers. The Germans were followed by the Vichy French, then the British and finally the Free French of Gen. Charles de Gaulle. Always there were the go-between agents.

The hotel was the headquarters for war correspondents for two years after the Allied invasion of North Africa.

Anti-Gaullist collaborators plotted in its bars and restaurants in 1942. Twenty years later terrorists of the Secret Army Organization (OAS) schemed De Gaulle's downfall for handing Algeria to the Moslems.

One story says that the Aletti had so many flags in and before World War II, including a Vatican flag marking the 1938 Eucharistic congress, that French army officers used them to make underwear for themselves during the war's textile shortage.

Less than 18 months ago one could make contact at the Aletti to meet Jean-Jacques Susini and other members of the die-hard OAS.

## Art Gallery Show

Louis B. and Lundy Siegfried, father and son from Oakland, are displaying their paintings in the College Art Gallery until Nov. 27.

The Gallery is open from 9 a.m. to 4 p.m. on weekdays and 1:15 to 5 p.m. on Sundays during the run of this month's exhibition.

## BREWER NAMED NO. 1

## SJS Demos Oppose HCUA Meet Today

The SJS Democratic Club has officially announced its opposition to the House Committee on Un-American Activities (HCUA).

In their policy meeting the club passed a resolution opposing the committee "as it is presently constituted" and in favor of curtailing its investigations.

The Demo group also supported continued participation in the United Nations and favored the withholding of federal aid from states practicing "overt, legally discernable racial discrimination in contravention of constitutional guarantees."

The Demo Club will meet today in Cafeteria Room A at 2:30.

PETER BREWER receives Distinguished Cadet award from Maj. Joe Tarpley, head of the Air Science Department.

## Top SJS Air Force Cadet Chosen; Plans AF Career

Senior Peter Brewer is the top cadet in the AFROTC Corps.

Maj. Joe Tarpley, head of the Air Science Department, recently announced the selection.

He said that Brewer was selected from four AFROTC students who were designated, "Distinguished Cadets."

The three other students are Mickey Birdwell, Dale Bryan, and John Youngblood.

Concerning the four students,

Maj. Tarpley said, "These cadets have shown to an unusual degree, the ability, initiative, and other leadership qualities essential to the successful performance of duty as an Air Force officer."

Brewer said that he "was very happy to receive the award." He plans to make the Air Force his career.

## Charles Kappen, Journalism Prof, Co-Authors Book

Charles V. Kappen, professor of journalism and Spartan Daily Adviser, has co-authored a book, "So-Called Dollars," which will be distributed by the New York City publisher this month.

Co-author is Harold E. Hibler, New York manager of the Aetna Insurance Company.

"So-Called Dollars," shows the American nation's growth through exposition, and commemorative and monetary medals of dollar and near-dollar size.

Professor Kappen co-authored the book, "Depression Scrip of the United States," and co-edited two volumes, "Reprints from the Numismatist," in 1961.

He is vice president of the California State Numismatic Assn., and from 1959 to 1962 was editor of Calcoin News magazine.

## Workshop Begins

Yell leader workshops will begin today from 7 to 10 p.m. in the Men's Gym. Workshops will be held every Tuesday and Thursday from today through Dec. 5.

Men must have a 2.25 over-all GPA and a 2.00 for the 1963 spring semester, to be eligible for yell leader positions.

## Ann Landers Speaks

## Columnist Pinpoints People's Problems

(EDITOR'S NOTE: Mike Dunne, Spartan Daily reporter, represented SJS's chapter of Sigma Delta Chi, honorary men's journalism society, at the organization's national convention last week in Norfolk, Va. Ann Landers, nationwide columnist, gave Dunne the following interview.)

By MIKE DUNNE

Insecurity and a lack of self-confidence are the roots of most people's problems, according to Ann Landers, advice-giving syndicated columnist.

Miss Landers, speaking during a brief interview in Norfolk, Va., said, "General insecurity and people's lack of confidence in themselves are usually the source of their problems."

The columnist, who writes a column for 553 newspapers across the country, said that most of the approximately 25,000 letters she receives monthly deal with marital problems.

"About half of the letters I receive are from men," she pointed out.

Although not specifying any number, she said she receives "many, many letters from college students."

LOVE 'N' MONEY

Love, money, study and parental problems apparently bother college students more than any other type.

"Money and girl friends bother college boys most of all," she said, explaining that nearly half the letters she gets from collegians

are from men. Miss Landers, who was in the East on a lecture tour, stated that the advice she gives depends on the type of problem.

"I can't give psychiatric help or advice on religious or physical problems," she said. In such cases she refers the person to an authority.

Nine secretaries assist the tiny lady journalist in answering the thousands of letters she receives. She pointed out that "no human could answer all those letters."

Even with a large staff, she reports, she spends 10 to 12 hours daily answering letters and writing her column.

The main criticism she faces is from people who want their letters printed, but for which there isn't space.

MANY LETTERS

"I get many letters from people who have been helped by following my advice," she replied when asked what praise she has received.

When asked how she tells the real letters from the phony ones, she said, "The real letters are right to the point, while the phony ones are lengthy and just sound as if they've been made up."

Finally, what qualifications does she have to give advice to others? "I just love people, that's all," she replied as she returned to the banquet room.

ONLY IMPERISHABLES — Kathy Brainerd (l.), Louis C. nozzi, AWS Committee Service chairman, and Arlen D'Arcy, AWS president, pack only imperishables into the Thanksgiving boxes for San Jose County Hospital clinical patients' families. The food is collected from SJS living centers. The Thanksgiving baskets are a service project for AWS.

## 'Peter Pan' Stars Senior

Sandra Emery Wood, senior drama major, will play the title role in "Peter Pan," a San Jose Theater Guild production to be presented Nov. 22-24, 29-30, at the Montgomery Theater, Civic Auditorium.

Other principal roles will be played by Katie Hultgren as Wendy, and Paul Payson as Captain Hook. Miss Hultgren is a sophomore at Buchser High School, Santa Clara, and Payson is assistant professor of military science, University of Santa Clara.

"SAMMY" HONOREES—After dinner at the Sigma Alpha Mu fraternity last week, honoring the first six Sammy Sisters, the brothers and new "sisters," gather around the fraternity scrapbook. New members include: Holly Bern-

hardt, Karo Bernharde, Rene Berkman, Roberta Asher, Zorinne Sonkin and Beverly Schwartz. The only honoree not pictured is Beverly Schwartz, who is a student at the University of California, Berkeley.

## Six Sammy Sisters Are Adopted By Brothers of Sigma Alpha Mu

The Sammy Sisters, SJS women's counterpart of the Sigma Alpha Mu Fraternity, met with the brothers for dinner last

week. The occasion welcomed the coeds as the first six sisters of the Beta Delta Chapter.

According to Mark Versel, publicity chairman for the fraternity, these girls were given the honor because of past contributions to "Sammy." "Some of the girls have been helping the house for over two years," Versel said.

When asked what the coeds did for the house, Versel explained that they helped with scrapbooks, fixed up rushees and brothers with dates, assisted at banquets, offered ideas and came over frequently to the fraternity.

The "Sammys" assert that their Sammy Sisters are the only sister organization of any Sigma Alpha Mu chapter. The idea was spontaneous since the brothers felt that some honor should be given these girls who had worked so hard and helped the fraternity.

The function of the sisters will not be definite, Versel stated. They will serve the house in any useful capacity. The actual organization will be left up to the new sisters. In the future the "Sammys" will select new members for the Sammy Sister ranks.

The first formal gathering of the Sammy Sisters was held at a dinner at the fraternity last week. Midway through the dinner the coeds were introduced and immediately following dinner the brothers and the new Sammy Sisters gathered in a friendship circle and sang the Sigma Alpha Mu song.

The first six girls to be honored by the fraternity are Holly Bernard, Karo Bernhardt, Rene Berkman, Roberta Asher, Zorinne Sonkin and Beverly Schwartz. All the women are SJS coeds except Beverly who is a junior at the University of California, Berkeley.

## Student Conducts Symphony Nov. 16

El Camino Symphony, conducted by SJS College student William Galbraith, will make its first appearance Nov. 16, in the Sequoia High School, Redwood City.

Galbraith, a senior music major, has studied the violin since he was seven. He received a scholarship to SJS, where he has been concert master for two years.

Tickets to the Saturday performance may be obtained at the door.

## Folk Club Slates White

The College Folk Music Club will present a concert featuring Bukka White, Negro blues singer and guitarist, in E132 tomorrow night at 8.

White, born in Houston, Miss., got his start in the 1920s when the South was the center of blues playing. He formed his

BUKKA WHITE . . . sings Friday

own band and played in the roadhouses and cafes until 1930, when he moved to Memphis. Here, he recorded six records for RCA-Victor.

In 1937, he recorded his largest-selling number, "Snake 'em Down." Shortly thereafter, he was sentenced to Parchman Farm, where he was made unofficial camp musician.

Also, he recorded the Library of Congress while in prison. Upon his release, the blues singer returned to Memphis, where he has lived since in a boarding house. He has played in clubs there and for dances in outlying towns.

## Villa Montalvo Plans Art Show

During Dec. 10-22, Villa Montalvo, cultural center near Saratoga, will present the first West Coast exhibition of the paintings of Guttorm Otto, noted landscape and portrait artist.

Otto will share the Montalvo limelight with an exhibit of the art of eastern Canadian Eskimo printmakers of Cape Dorset, near Hudson Bay.

Previous to this exhibit, Dec. 5-8 — all galleries at Villa Montalvo will be occupied by the annual Christmas Decor Exhibit of selected artists of Santa Clara Valley and Peninsula areas. Open daily from 10 a.m. to 4 p.m., there is an admission charge for both adults and children.

## 'Gypsy' Friday

"Gypsy," a San Jose Light Opera Assoc. production, will be presented tomorrow and Saturday evenings at 8:30 in Montgomery Theater, Civic Auditorium.

SHANTO RAO—This classical Indian dancer will star in Monday night's show in Montgomery Theater, Civic Auditorium. The performance, sponsored by the Spartan Programs Committee, is scheduled for 8:15. Other highlights of the program will include folk dances from Andhra and Malabar by Chandramati and Padma. Musicians for the show will be K. V. Ratna, K. K. Nathappa, Vasanti Rao, and Natarajan.

## Comedia Plays

Murray Schisgal's plays "The Typists" and "The Tiger," two spoofs at the current avant-garde movement in the theater, open at Comedia Theater in Menlo Park tonight at 8:30.

In their off-Broadway production the plays featured Broadway stars Eli Wallach and his wife Anne Jackson.

## Peter, Paul, and Mary To Sing at Civic Friday

Peter, Paul, and Mary, folk music trio made famous with their "The Lemon Tree," will appear tomorrow night at 8:30 in the San Jose Civic Auditorium.

The three — Peter Yarrow, Mary Allin Travers, and Paul Stookey — all met in Greenwich Village, where Al Grossman put them together as a trio.

Miss Travers, born in Louisville, Ky., in 1937, has been singing folk songs since her kindergarten classes.

While in high school she sang in the chorus. She also sang with teen-age folk groups that made it to Carnegie Hall twice and made three records.

Yarrow gained a psychology degree at Cornell University, where he was an instructor in a folk ballad course.

In addition to working with the trio, he has appeared on the CBS Spectacular, "Folk Sound, USA," in May, 1960, where manager Grossman spotted him and signed him for the "Newport Folk Festival" that year.

Stookey began playing an electric guitar for a high school rock 'n' roll band group on local TV and emceed his way through Michigan State University. After moving to Pennsylvania, he landed a job with a chemical company but was not satisfied. So he went to Greenwich Village where the trio was formed.

For all Your Holiday Occasions . . . fabulous after-five fashions in the AFTER FIVE SHOP now at M. BLUM'S.

# Poloists Impolite Hosts; Beat Argentine Team, 10-6

By MIKE MURPHY

The San Jose State water polo varsity proved to be unkindly hosts last night, thumping the Argentine National Team, 10-6.

The Latin American visitors made it a battle all the way, but couldn't cope with the smaller pool and the superb ball-control of the Spartans.

It was the third international polo match to be played in the Spartan Pool. In 1937, the Ameri-

can Olympians were here followed in 1957 by the Hungarian poloists.

Gary Read, Jim Adams, and Frank Barnes each scored as San Jose moved out to a 3-0 first quarter advantage. However, Argentina broke loose for four goals within two minutes to take the lead. Miguel Daschuta put the visitors ahead 4-3 with 15 seconds left.

Coach Lee Walton sent in a fresh team in the second period. Dick Riddle responded immediately with a Spartan goal to tie the score. Barnes and Larry Loganbill followed suit. The defense held sway as SJS led 6-4 at the intermission.

Ray Arveson, who hasn't seen much action in past games, had his rifle arm in gear, slamming in three straight goals as San Jose pulled away 9-4 in the third period.

The Spartans played a passing game much of the second half and really slowed down things in the fourth quarter. A couple of bad passes set up Argentine scores—both by Daschuta.

Read added a final tally for San Jose.

The Spartans, besides controlling the ball well, hit on 10 of 22 shots, just under 50 per cent. Argentina, the same team that placed third

in the Pan Am Games in Sao Paulo this spring, got good performance from Daschuta and Roberto Starico.

PanAm veteran, Daschuta hit four of their goals while Starico flipped in the other two.

Coach Walton said, "We played an outstanding game. We had great ball control and they helped us by playing our type of game."

## Phi Sigs Nab IFC Title; Clip ATO

Phi Sigma Kappa whipped ATO 14-0 Tuesday afternoon to reign as the Fraternity League touch football champ.

It was the second consecutive football title for the fraternity team. Last year Phi Sig won the fraternity crown and then defeated the Cal-Hawaiians for the college intramural championship.

On Friday, the same two teams clash for the all-college crown. The only difference will be a few new faces.

Jim Hemphill passed twice to Tom O'Neill for the Phi Sig six-pointers. A safety accounted for the 14 points.

In final fraternity games of the season, Sigma Chi blanked Theta Xi, 7-0; Theta Chi defeated Sigma Nu 19-9; Pi Kappa Alpha humbled Sigma Phi Epsilon 20-0; and SAE edged Sigma Pi 7-0.

Intramural Director Dan Unruh urges all interested male students to turn in entry blanks for the annual "Turkey Trot" race by Friday at 1 p.m.

There will be two divisions in the "Turkey Trot"—novice and open.

In order to be eligible for the novice race, the participant cannot be on a track team or have been a member of any four-year or junior college team.

The open division is for any entrant not restricted by the eligibility rules of the novice division.

There will be a turkey, duck and chicken awarded to the first three finishers, respectively. Trophies will also be awarded to the three top finishers and a traveling award to the organization having the greatest number of finishers under 30 minutes.

## Has Trouble

Freshman harrier Dave Lower has had his troubles over the Spartans' 4.2-mile course. It seems that Dave hardly ever tours the course during a race without falling down. He's done it six times in two meets.

## Judoists Meet In Promotional Match Sunday

San Jose State's judo team returns to action this weekend after a two week rest from competition. The defending NCJA champions will perform in a promotional tournament at El Camino High School in South San Francisco on Sunday at 1 p.m.

Fighting in the tournament will be some of the best judo performers in Northern California.

Spartan NCJA titlists Gary Newquist, Dave Sawyer, and Kay Yamasaki will lead the San Jose State delegation.

Also taking part in the tournament will be white and brown belt judoists. However, the black belts will be the feature attraction.

Sawyer could become a third degree black belt with three victories in the tournament.

In their last outing, the Spartans helped the Northern California judoists whip a delegation from Southern California.

BLOCKED ATTEMPT—Efik Akpan (white jersey) has this shot blocked by Stanford goalie Kent Muellen (lower right). Other Stanford players seen are Richard Lomergan and Bill

Hatch, battling Akpan on the play. Julie Menendez' Spartans stopped Stanford 6-5 in the first loss of the season for the Indians.

## Frosh in NCAA Title Bid Here Tomorrow

The San Jose State freshmen set their sights on a second straight national championship tomorrow when they engage Stanford and California frosh in a special two-mile race, on the Spartan track.

The race is scheduled at 3:30, a half-hour before the big NorCal Varsity Championship meet.

AAU officials will be on hand to officially time the race, to be entered in national postal competition with schools around the country.

Ready for top two-mile efforts are Bill Myers, Darrell Dunafon,

I was pleased," Miller commented. The frosh have something to strive for tomorrow. Last year's team ran the third fastest team two-mile in freshman annals, 47:45.8. Joe Neff, who ran 9:21.2, was second only to Jess Radcliffe of Michigan State in individual competition.

The squad will also take aim at the mark of 9:12 that Danny Murphy set in national postal competition in 1961.

A team win tomorrow would cap the freshmen's third unbeaten season in a row.

## Spartababe Poloists Nab Double Wins

FRANK SLEMP ... likes the distance

Frank Slemph, George Rios and Dave Lower.

Myers, Dunafon and Slemph will all thrive on the shorter distance because of their background of speed. Meyers and Dunafon were both milers while Slemph was the state's third best half-miler in 1962.

Rios has missed two workouts because of a cold, and could be off form tomorrow.

Coach Dean Miller also expects good races out of Bob Baker, who showed well at Stanford, and Marcel Hetu, who's back in the fold after a lengthy bout with the flu.

Jack Price of Cal looms as the freshmen's top opponent in the individual race. Price hasn't let a Spartababe beat him this year in cross-country meets.

Tuesday, the frosh and varsity went through speed workouts on the track. A workout-workdown routine of 220, 330, 440, 660, 880, 1320 and back down, was the order of the day.

"Both teams looked real good—

The freshman poloists tuned up for this weekend's NorCal "Closed" Tourney at San Francisco State with a pair of wins over Woodside and San Carlos high schools yesterday in Spartan Pool.

In the first game, Jack Likins poured in five goals, four in the first period as the Spartababes took care of Woodside handsily, 18-7. The locals popped in seven goals during a racehorse first period and played easily the rest of the way.

San Carlos provided much stiffer opposition but again Likins arm was the big difference as the big bomber whipped in six goals in the 11-6 nightcap victory.

The visitors made things tough for the frosh in the first half. Likins, Greg Buckingham and Garth Rader all scored, but San Carlos came back with two goals, to trail 3-2 at the quarter. It was 6-5 at halftime.

However, the Spartababe defense stiffened in the final two periods, holding San Carlos to a harmless third quarter goal.

Likins has now scored 93 goals on the season in 16 games. The freshmen finished up their regular season with a 14-2 record, garnering a second straight NorCal Frosh crown, in the process.

## 10-MILE TROUBLE

Bud Winter has his fall spikers, weightmen and all, running through an extensive fall distance schedule. The boys must run 10 miles or a full hour, whichever comes first, by Nov. 24.

MEETING OF THE MINDS—Head freshman coach Bob Jones, center, goes over strategy for today's game at San Quentin with line coach Les Davis (right) and end coach Chuck Elder, (left).

## True Triple Threat

## Beau Carter's The Name

Beau Carter, the greatest one-man offensive threat in Fresno State's football history, is the main reason why the Spartans have to be up for Saturday's game at Fresno. Carter can beat you practically by himself.

Carter's records speak for his tremendous ability. Now in his third year at FSC, Carter has passed 355 times with 181 completions for 2,522 yards. All are school records as are the 3,249 yards he's gained on total offense.

The dangerous Bulldog says "pooh" to the fact that quarterbacks should be used just for passing. He has carried the ball 167 times for 727 yards, a solid 4.4 average.

Carter's value to Fresno State is more encompassing. He ranks fourth this year in overall defensive statistics, being credited with 31 tackles.

He does the team punting and has averaged 36.2 yards on

25 kicks. Carter is, in every sense of the word, the true "triple threat." He can beat you so many ways.

San Jose State discovered a few of these ways last year, when the Bulldogs marched off a 20-14 victory.

Carter got the first score of the game, 19 seconds into the first quarter, by racing 73 yards to a touchdown.

Twice during the game, he intercepted passes on Fresno's three-yard line, to snuff out Spartan scoring drives.

For his efforts last season, he was picked as Little All-Coast by Associated Press. Ironically, is the fact that Jon Anabo, with whom Carter shared the QB chores, was selected on a similar all-star team by United Press International.

The Bulldogs' main trouble is that there just isn't enough Car-

ters to spread around. FSC has a 4-4 record and in danger of their first losing season in 12 years.

Monte Day, a Mid-Bracket All-American last year, was dropped to second or third team before last week's losing effort against Long Beach State. Day has an ankle injury and may miss the San Jose State game.

Henry Robledo (221), Paul Wicker (244) and Jim Fugman (236) were the most impressive Bulldog linemen against Long Beach, reported Bob Jones, frosh coach, who scouted the game.

Jan Faris (208) is Carter's favorite passing target. Faris has caught 22 passes for 293 yards and three touchdowns, leading the team in all three departments.

Larry Fogelstrom (196), all-CCAA end last fall, has 16 receptions. The Bulldog line averages 213 pounds per man.

## Frosh Enter San Quentin For Final Test of Season

The frosh football team may be the only gang in the United States today which is looking forward to going to prison.

Bob Jones' Spartababes have a date with the San Quentin Prison team in San Jose's season-ender, behind those menacing walls near San Raphael. Game time is 1 p.m.

The inmates are 2-3 this season, having lost all three games by two points or less. San Francisco State's junior varsity beat the inmate team 13-12, after San Quentin had built up a 12-0 halftime lead.

The Spartababes have a 4-1-1 record. They beat San Francisco State 7-6 two weeks ago.

San Quentin has a well-organized football program. Three-hundred men participate in touch football, with the best 50 comprising the prison team.

The prison eleven uses the sin-

gle wing formation, running from behind an unbalanced line.

San Jose played the prison for the first time last season. Led by Ken Berry and Charley Haraway, the frosh scored a 28-0 victory, after a slim 6-0 halftime lead.

"I talked to their coach this week, and he assured me this year's team was just as tough as last year's. San Quentin had a 7-0 record when we met them in 1962," Jones said.

The Spartababes leave here by bus at 10 a.m. After the game they will have a meal at the prison.

San Jose will have 29 players suited up for the game; its biggest number in three weeks. Leon Herzog, stocky fullback, will see some running duty and Don Buckingham will return at an end position. Both have been sidelined with injuries.

Chuck Gillingham, 200-pound tackle, is a doubtful starter due to injury problems. He is one of the leaders in the Spartababes "defensive crunchers" — Jones' rugged defensive line, which has given up just 36 points in five games.

Jim Hart will start at left end, after looking strong the past two weeks. Bruce Hicke gets the call at a starting guard. "Hicke's play lately has been tremendous," Jones declared.

Starting in the backfield for San Jose will be Rick Gaul at quarterback, Mike Nishio, halfback; Mike Spitzer, fullback, and Bill Peterson, flankerback.

Spitzer has been an all-purpose player for Jones this year. He carries the ball between 15-25 times per game, while doubling at defensive end.

Gaul directed the Spartababes to their most one-sided victory of the year last Thursday. SJS bombarded Santa Clara's JV's, 44-6, rolling up 649 yards. It was Gaul's first start at quarterback this season.

## Prof. Hugin's Book Talk Deals With Political Policy

By MARYANNE LA GUARDIA  
American political policy, ideology and relevancy were the topics of yesterday's book talk when Dr. Walter E. Hugin reviewed "The New Politics: America and the End of the Postwar World."

The book, according to Hugin, is an analysis and evaluation of American policy since World War II.

The book stresses the rise of the plural world and the attempts by each of the two major forces, the United States and Russia, to make the world over in its own image.

In discussing the United States' role in this, Hugin quoted, "We became victim to the belief that we were universally competent and universally responsible to the whole world."

Throughout the book the need

for a sense of proportion and perspective in policy is stressed, Hugin said.

Hugin stated that the most serious criticism of the book is that the United Nations is put aside as essentially meaningless.

The book's authors suggest "... we would need to shake loose from the political ideas that have engrossed us for so long, and create a new politics, a politics sensitive to the true plight of contemporary man, and humble enough to realize its own limitations."

### Ex-Mayor Speaks On USSR Tour

A former Los Altos mayor will relate his impressions of a recent tour of the Union of Soviet Socialist Republics with Congressman Charles S. Gubser tomorrow night, at 8 at Los Altos High School.

Dunnett will present slides taken in the Soviet Union, emphasizing his observations on the educational system of the Communist regime.
